The Construction Users Roundtable Announces its 2022 Construction Industry Safety Excellence Award Winners

Cincinnati, Ohio

The Construction Users Roundtable (CURT) is proud to announce its twenty-first annual Construction Industry Safety Excellence (CISE) Award Winners and calls upon the industry to continue its progress in promoting construction site safety across the United States, Canada, and the rest of the globe. As one of its core initiatives, CURT is committed to improving construction industry safety performance.

CURT is an association of leading corporations dedicated to promoting cost-effective construction methods. As major consumers of construction services, the members seek to foster improved construction safety performance by recognizing the achievement of excellence and the promotion of proven effective work practices.

The CISE Award encourages efforts to improve safety by recognizing safety leaders in all construction industry segments. Award applications were available to CURT members and non-members, owners, contractors, and associations throughout the United States and Canada.

Thanks go to the CURT Construction Industry Safety Excellence Awards Committee, chaired by Chris Fought, Associate Director-Construction Safety for The Americas, Merck & Co., Inc.

The CURT CISE Owner Safety Awards were presented to:

Operating Entity:

Procter & Gamble Family Care OU

Company-Wide Project:

Cabot Corporation

U.S. Project, 12 or more months in duration:

Merck Durham DS4 Project

Merck Durham Flash Project – **Honorable Mention**

These awards recognize the important role of owners in managing safety performance and achieving excellent results.

The CURT CISE Association Safety Award went to an association recognizing its exemplary construction safety program. The award recipient was:

Ironworkers - IMPACT

Encouraging owners and contractors to adopt the principles outlined in the CURT publication entitled, *The Construction Owners' Safety Blueprint*, demonstrates CURT's commitment to promoting a safer construction industry.

"Safety Improvement will continue to be a key deliverable and core value for CURT and its member firms. Those who do an outstanding job at reducing construction workers' injuries are to be commended," said Gregory Sizemore, CURT Executive Vice President. He continues, "Owners will continue to work towards continuous safety improvement."

CURT announced these prestigious awards and made the presentations at its 2022 Awards of Excellence Celebration held in Tucson, Arizona, on November 15, 2022.
