The Construction Users Roundtable Announces its 2022 Construction Industry Workforce Development Award Winners

Cincinnati, OH

The Construction Users Roundtable (CURT) announced its fourteenth annual Construction Industry Workforce Development (CIWD) Awards and called upon the industry to continue its progress in promoting construction workforce training and recruitment across the United States and Canada. CURT is an association of leading corporations in the United States and Canada dedicated to promoting cost-effective construction methods. CURT members recognize that training, education, and recruitment are essential to excellence in construction project delivery.
